What Our Clients Are Saying

River Rose Projects

I have worked with Chris from Saints Electrical and his team on a number of our projects and have been really happy with their work. Chris provides clear and comprehensive quotations and scope of work and is reliable when it comes to turning up on site when he says he will be there. I would recommend Chris and his team to any builders looking to work with a new electrician.

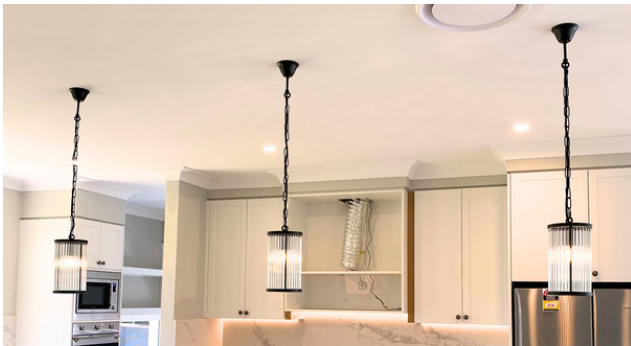

– Matthew Hohn. Director. River Rose Projects

PRD Real Estate Oatley

Chris from Saints Electrical has been absolutely exceptional! He always responds to my queries in a timely manner, is knowledgeable, polite and keeps me updated throughout the repair process, which, as a property manager, is crucial. I would have no hesitation in recommending Chris and the team at Saints Electrical.
